Mango opens new, larger store in Mall of Berlin

Berlin, February 19th 2026

More space in a new location: Mango has renovated and opened a store covering 600m² on the first floor of Mall of Berlin.

Mango – the Spanish fashion giant

The company has been offering women's, men's and children's fashion and accessories since 1984 and began its international expansion in 1992 with its first stores in Portugal, before growing to over 120 markets on five continents in the 2000s and is now one of the most important European fashion groups.

A new shopping experience for Berlin

The Mall of Berlin is currently undergoing a comprehensive transformation process. With targeted investments, the consolidation of existing space, and the establishment of international brands, a shopping center is being created that meets the needs of modern consumers. Smaller units have been dismantled to create more spacious retail areas—with the aim of providing space for strong brands and inspiring store concepts.

“Mango's decision to invest in the Mall of Berlin right now is a clear sign,” says H.G. Huth of HGHI Holding GmbH. ***“It shows how strong the mall continues to be – and what potential it has. Mango is just the beginning. Other well-known tenants will be expanding their space shortly.”***

The Mall of Berlin is thus back on track for success – as one of Germany's most exciting retail locations, right in the heart of the capital.
