### **HGHI supports children's home Elisabethstift**

**Berlin, December 6th, 2017** - Retired computers that have been used by companies often end up in trash cans instead in places like educational establishments. The HGHI group closes this gap and donates several computers and printers to the children's home Elisabethstift. Apart from the material support, the social institution also receives financial aid.

“As a Berlin-based company, we do feel obligated to support social projects in our city. Our employees gladly help with their personal contribution“, emphasized HGHI-CEO and holder Harald Gerome Huth at today's donation hand-over in the Mendelssohn-Palais.

Thanks to a donation appeal, several clothes and toys came together from the employees. “The support from the HGHI-employees means a lot to us. It will help with the mastery of solving various tasks“, said Helmut Wegner, pedagogic director of the children's home Elisabethstift.

The children's home Elisabethstift was founded in 1826 and is based in Berlin-Hermsdorf. Currently it has capacities for 215 children and teenagers. There they offer ambulant and stationary help. The purpose of the welfare is to help their residents and their families to live an independent life.

Further information can be found on [www.elisabethstift-berlin.de](http://www.elisabethstift-berlin.de).

Are you interested in supporting the projects of the Elisabethstift?

With a donation to the welfare, with a confirmation of purpose, you can also help - even the smallest contribution can play a big role. Here the bank details:
